archiw

Archiw family

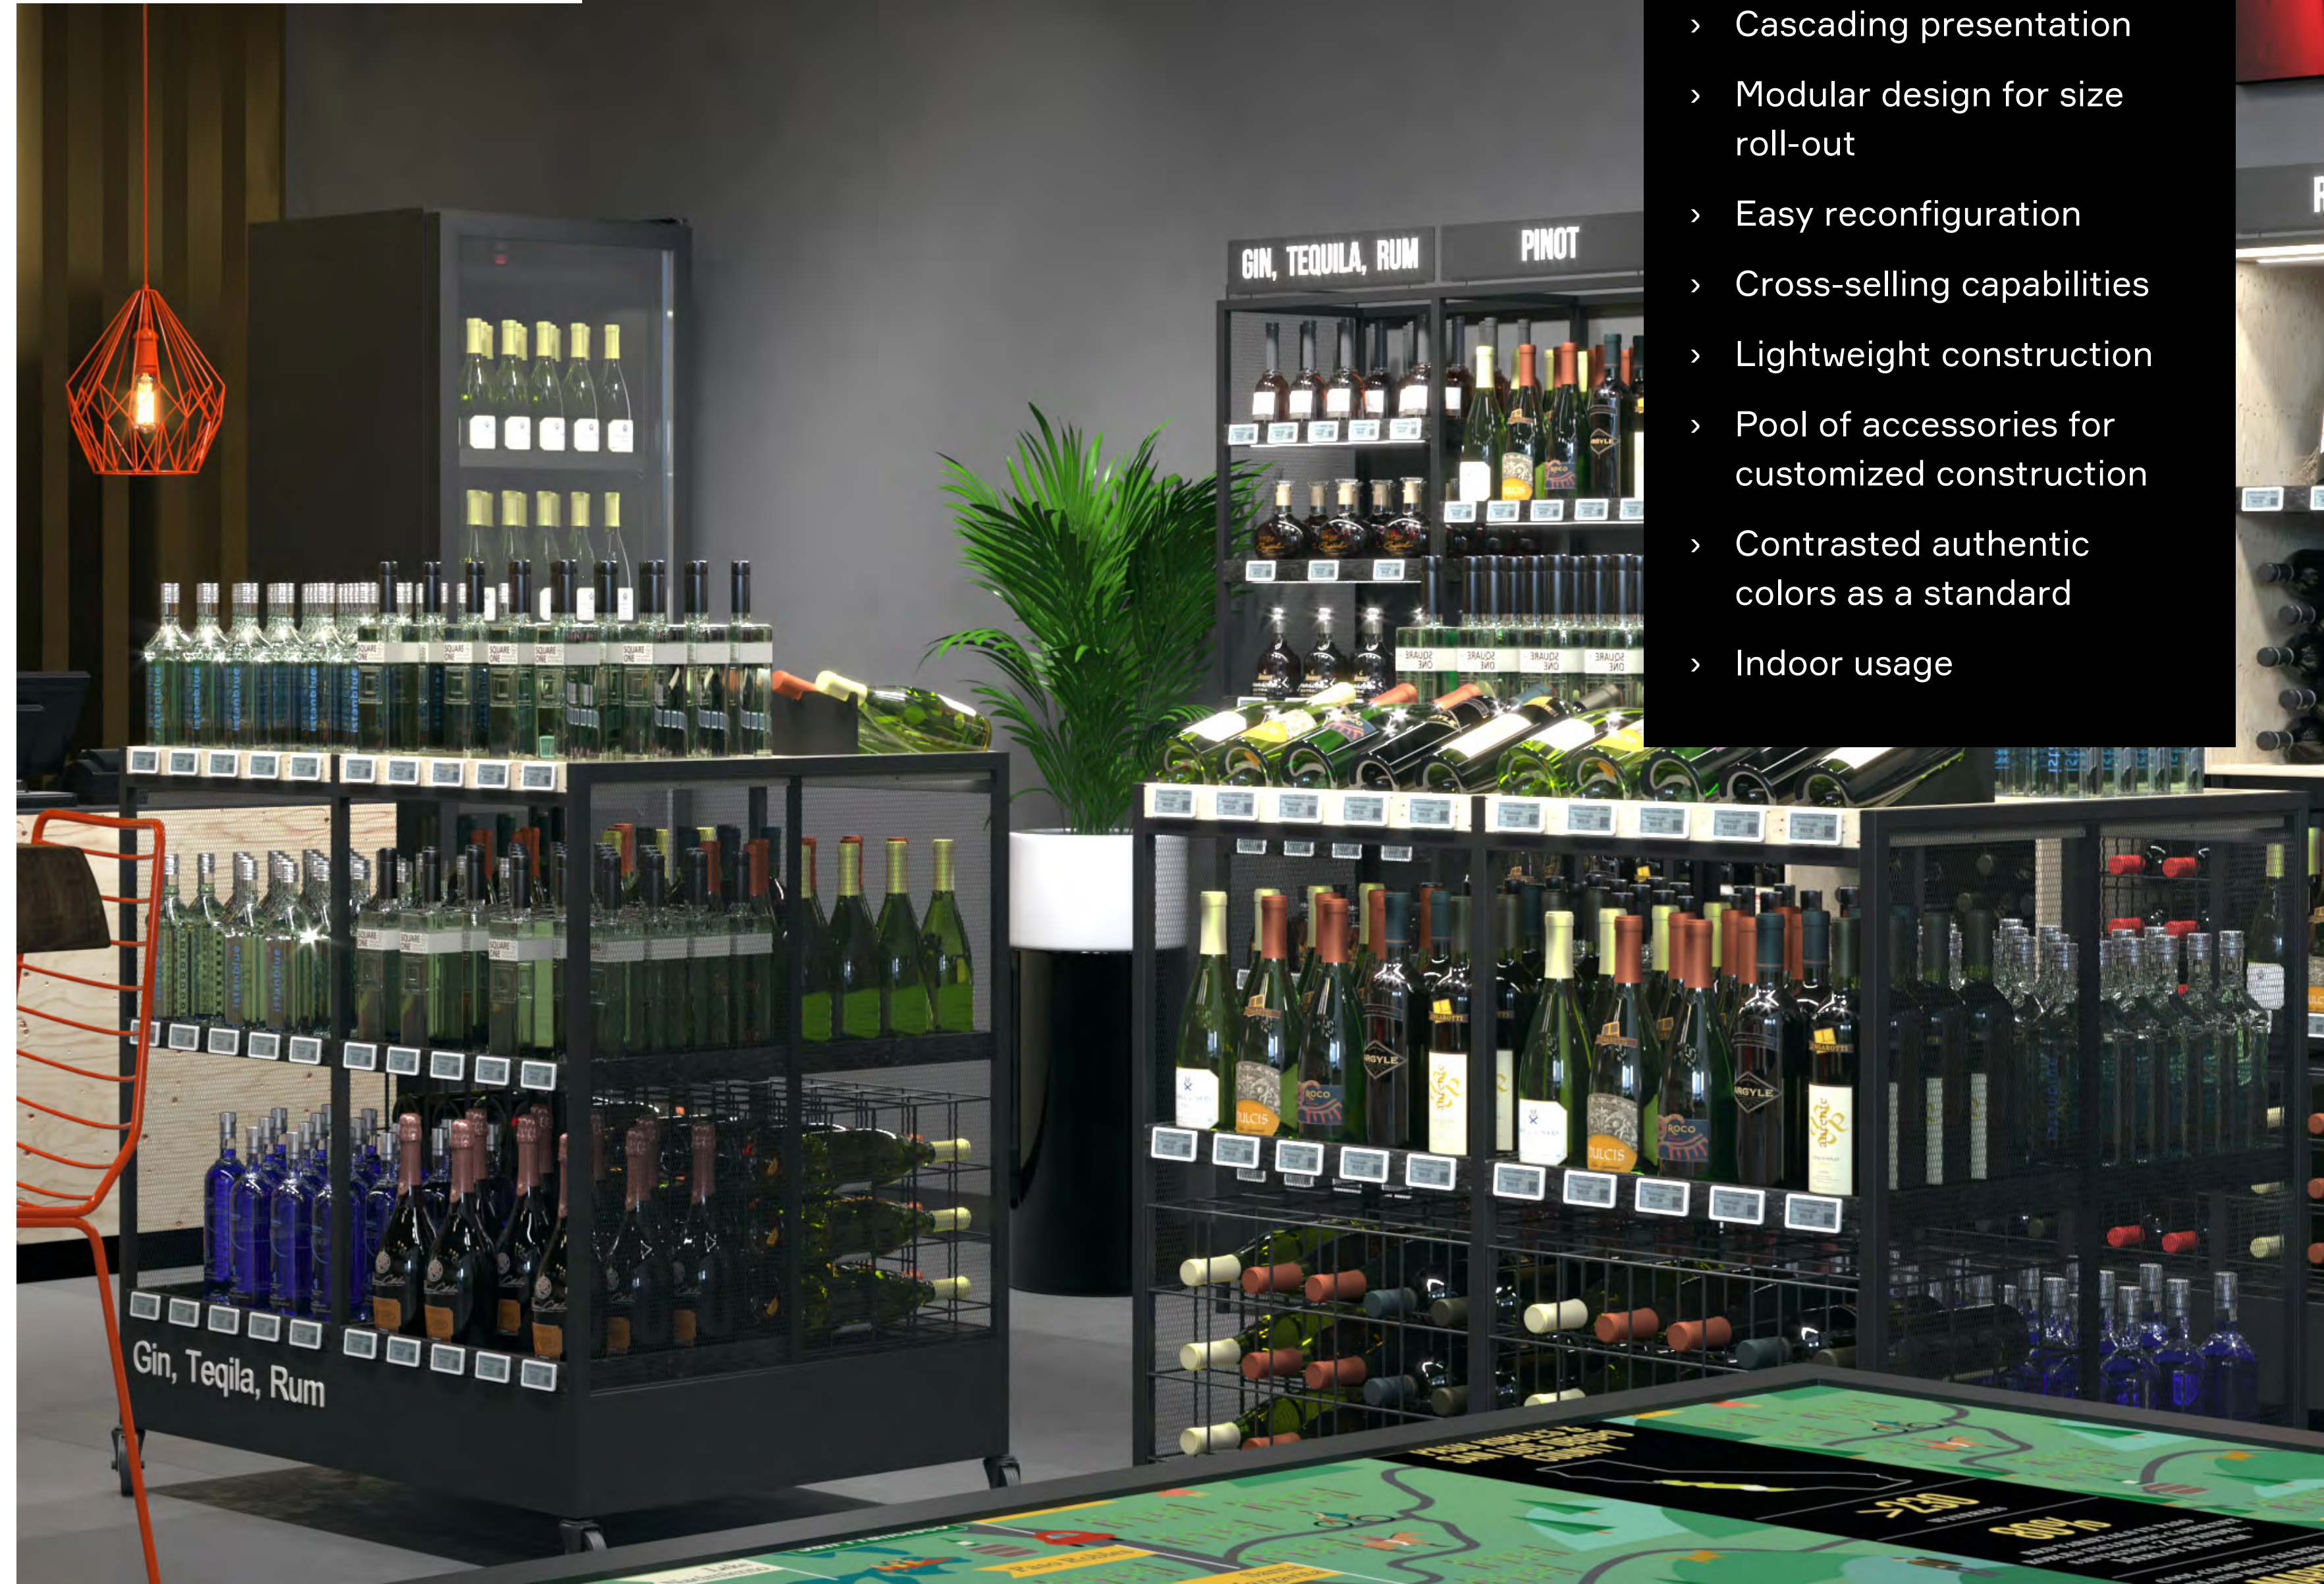

encourages atmosphere that impulse purchases

In search of a new vision that combines industrial and natural production we create Archiw – a new vision of Wine Products zone

Archiw family consists of 3 kinds of modules and wide range of additional accessories, that give plenty of abilities to create spectacular atmosphere and helps transform impressions into shopping experiences

Archiw's design comes from architectural forms. Lightweight construction, thin shelves and customized accessories create a dynamic and atmospheric display of products. The bearing function is provided by a light square tubular framework. Shelves and accessories may be conveniently replaced and rearranged for novelty effect. Transform the store layout quickly with mobile modules. Mobile modules are equipped with reliable wheels. Archiw may be a powerful cross-selling tool, creating a great impulse to buy.

- › Variable
- › Pop-up solution
- › Cascading presentation
- › Modular design for size roll-out
- › Easy reconfiguration
- › Cross-selling capabilities
- › Lightweight construction
- › Pool of accessories for customized construction
- › Contrasted authentic colors as a standard
- › Indoor usage

Archiw's well-designed details

Vertical perforation of frame allows to place shelves with step of 10 cm

Strong magnets safely fix expositors on the shelf

Rubber inserts for fixing bottles

Swivel wheels for great maneuverability

Adjustable legs inserts provide stability even on uneven surfaces

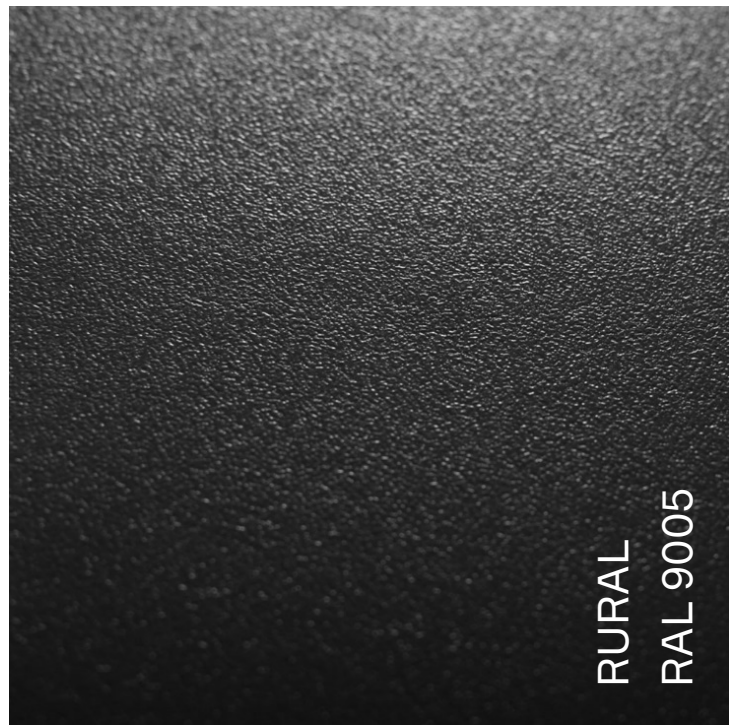

Easily assemble elements into Archiw modules
