

M²DERN EXPO

FRUITS & VEGETABLES

#newretail equipment

**GRE
ORA**

Impression

of an open market inside

Welcome to the new Greora space,
a space where emotions and impressions are created for visitors, where active interaction between them is realized; to the space that engages customers and awakes their archetypal experience of looking for the freshest and the most attractive vegetables, fruits and greens; makes customer a hunter, walking between the shopping rows and picking up the best.

Greora is more than equipment. It suggests different solutions that reassemble open markets and implement an atmosphere of natural spaces – gardens and parks. It creates various mood messages for purchasing, communication, and experience exchange.

Effective design, modular system, easy transformation capabilities, and cascading product layouts enable Greora to perform the boldest ideas, demonstrate products and, at the same time, to engage the customer.

Dynamic interaction between concise lines and authentic exposition of fruits and vegetables creates harmony, radiates optimism, changes perception of multifunctional store, and opens new opportunities for success.

Greora family

Comprehensive presentation of vegetables and fruits

Greora family consists of 5 main kinds of modules and wide range of additional accessories, that give plenty of abilities to create various customized designs.

The bearing function is provided by a light square tubular framework.

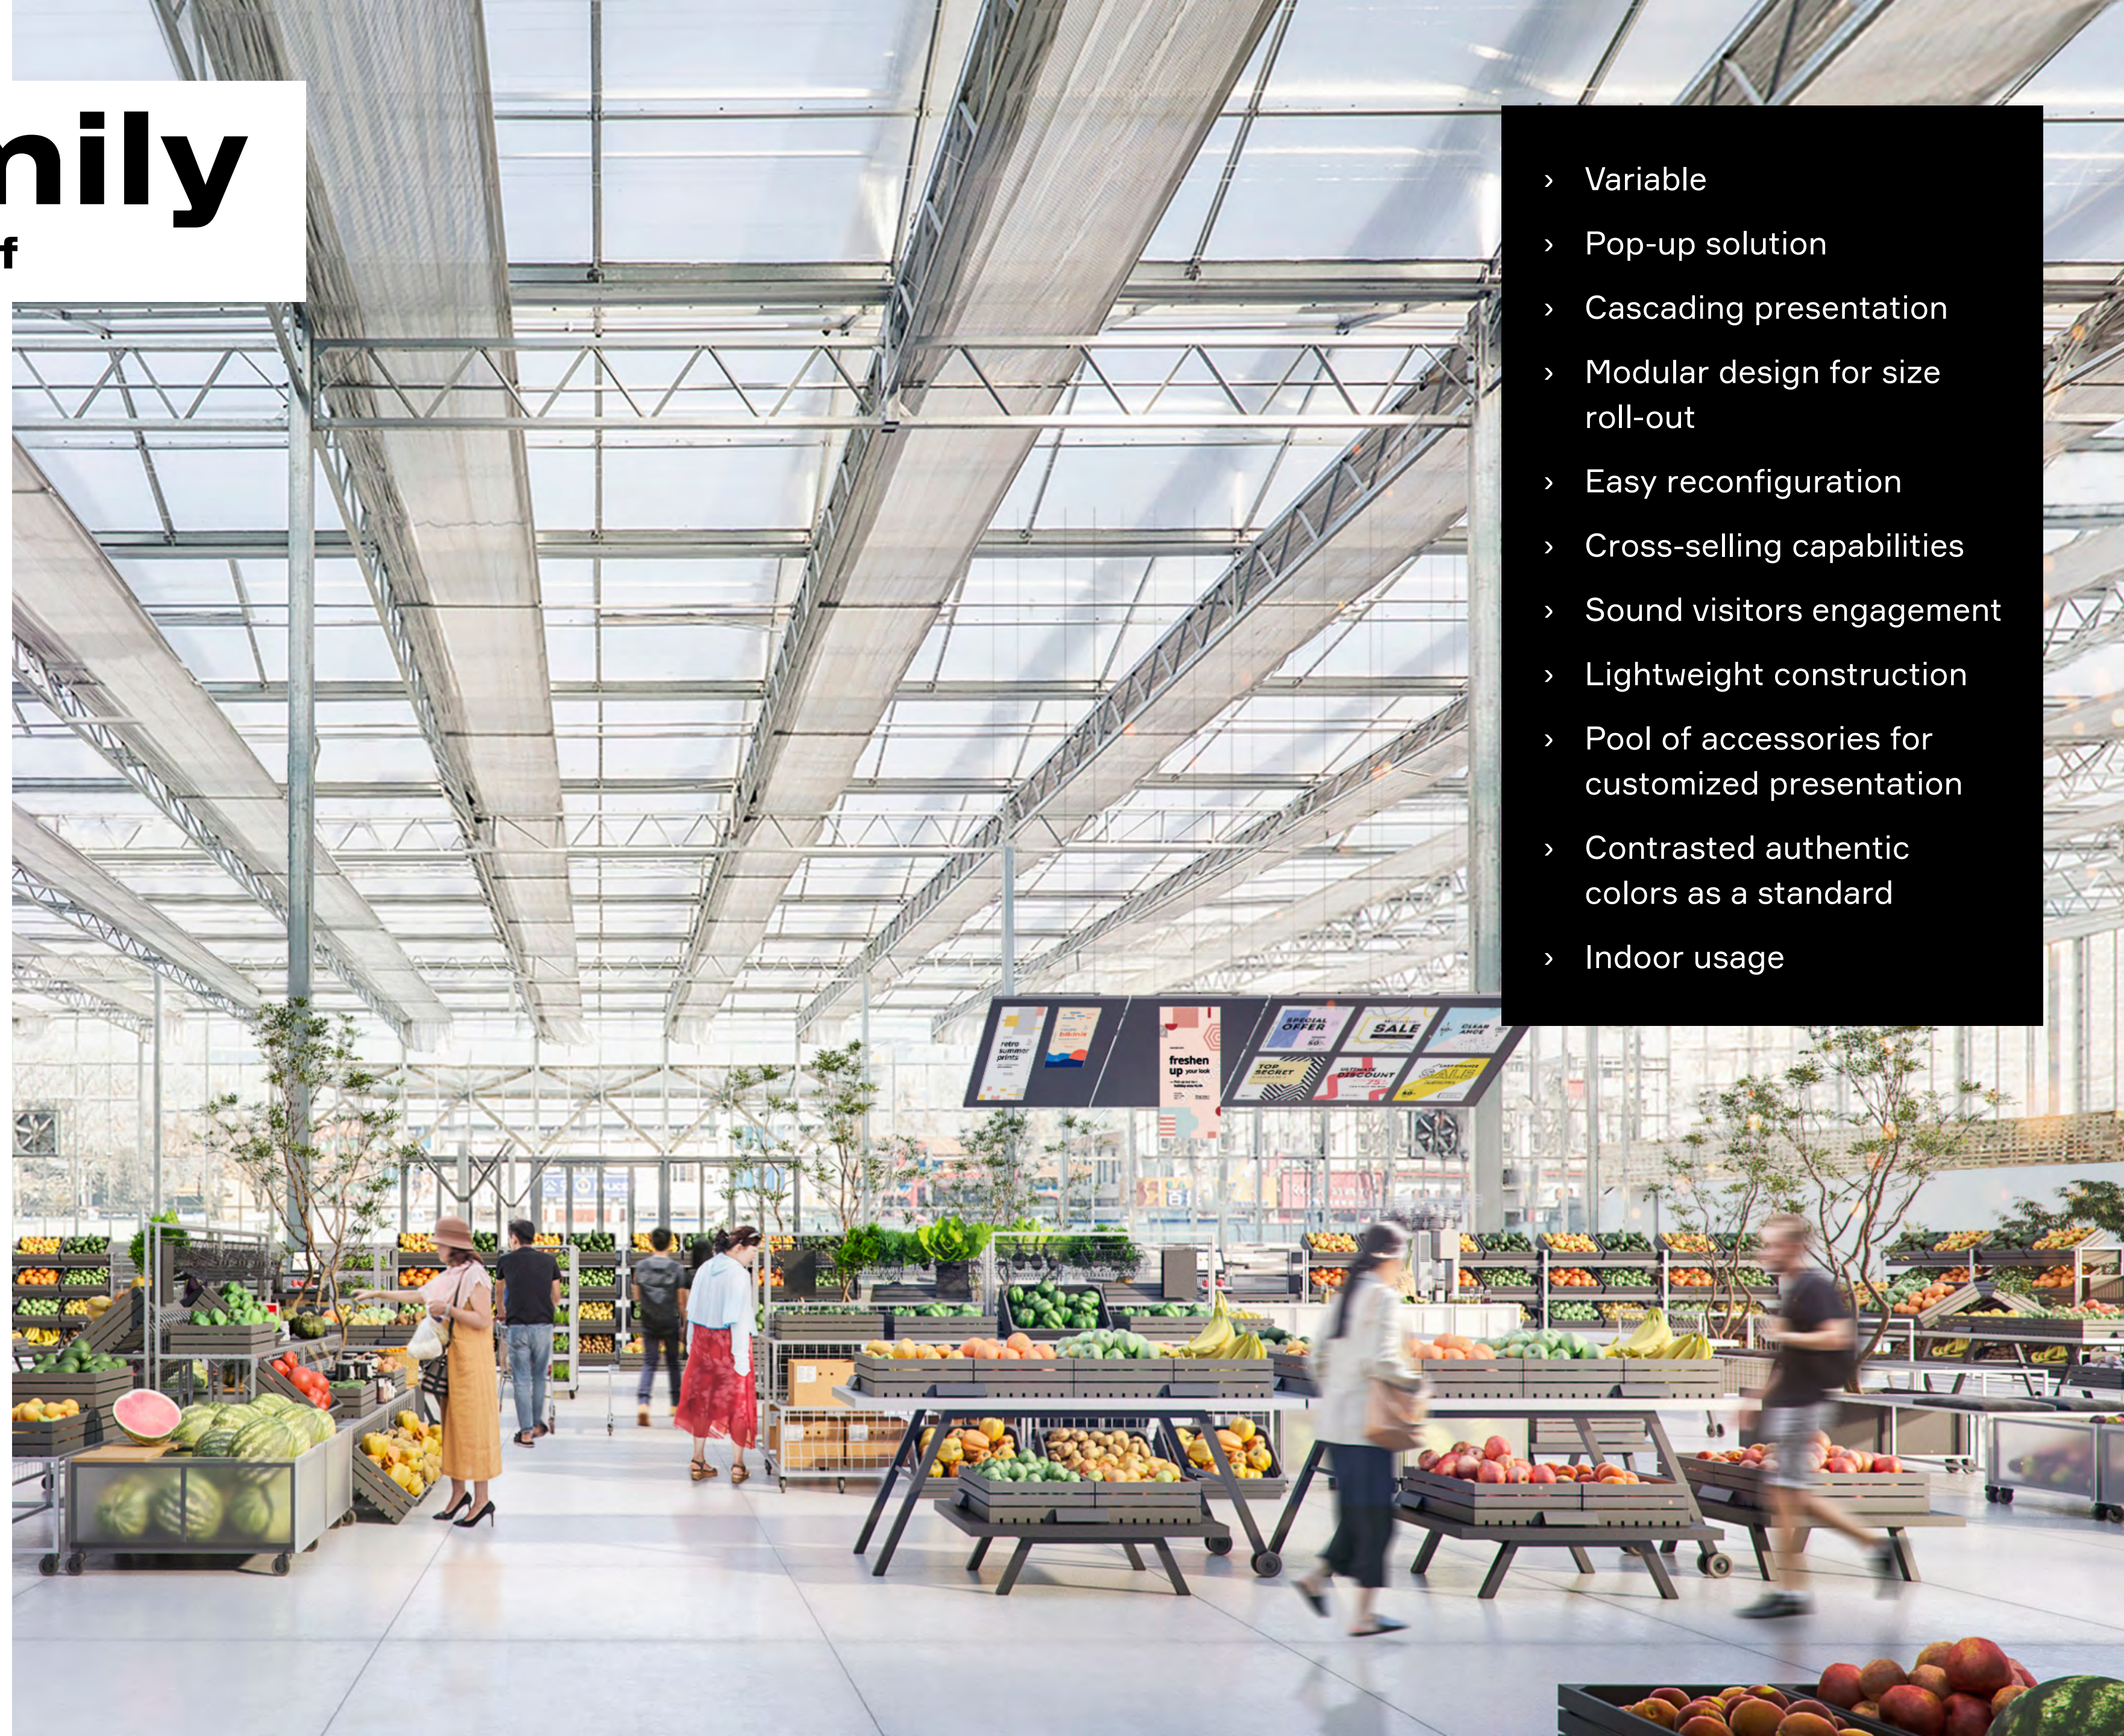

Shelves may be conveniently replaced and rearranged for novelty effect.

Mobile modules are equipped with reliable wheels.

An additional audio unit guides attention and engages your customers with sounds of nature as well.

Greora may transform into a powerful cross-selling and educational tool, creating a great impulse to buy. Transformation possibilities of equipment into areas of workshops and lectures allow to reimagine your fruit and vegetable area into a magnet for visitors.

- › Variable
- › Pop-up solution
- › Cascading presentation
- › Modular design for size roll-out
- › Easy reconfiguration
- › Cross-selling capabilities
- › Sound visitors engagement
- › Lightweight construction
- › Pool of accessories for customized presentation
- › Contrasted authentic colors as a standard
- › Indoor usage
